FormFox Release Notes
September 19th, 2019

⚠️ REMINDER

iPad app:
On the evening of September 19th, 2019, all versions of the FormFox app prior to 1.21 will be retired. This impacts ALL iPads that can’t be updated to iOS12; these iPads will no longer be able to run the FormFox app. Consult the list below to update your iPad.

iPad models compatible with iOS 12 and newer

- 12.9-inch iPad Pro (3rd generation)
- 12.9-inch iPad Pro (2nd generation)
- 12.9-inch iPad Pro (1st generation)
- iPad Pro (11-inch)
- iPad Pro (10.5-inch)
- iPad Pro (9.7-inch)
- iPad Air (3rd generation)
- iPad Air 2
- iPad Air
- iPad (6th generation)
- iPad (5th generation)

If you are unable to update your iPad, remember that FormFox is web-based and is accessible on a desktop computer or laptop by using Internet Explorer and visiting www.formfox.com.

🆕 NEW

Change to the Home Page:
The Physical Exam icon is now the Occupational Health Services icon. This is still the icon to use to start physical exams; and as FormFox adds additional occupational health services they will be accessed through this icon too.

Improvements

- Favorites List:
  When you complete editing an entry on the favorites list you will see the message “The data was updated.”

- DOT Exam Workflow:
FormFox now refers to the individual being examined as “Driver” rather than “Patient.”

- **DOT BAT Event Capture Workflow:**
  In the event of a positive result the following message will be displayed, “Please notify the DER that this individual’s BAT result is positive.”
